

Sport Development Report

Hi there,

I would like to introduce myself as the new Sport Development Representative for Western Region. I have been involved in Ringette as a player, official, parent, coach and instructor for over 30 years. I help our region with the following;

- Skills Matrix
- LTAD compliance
- Team Activity Logs
- Come Try Ringette

Skills Matrix

Just a reminder that all teams U8 to U12 must submit a skills matrix with a team composite number in October and February of each season.

There are a few associations that have not yet submitted their February results, so please make sure these are submitted asap.

LTAD Compliance

Sport Development oversees the LTAD guidelines and Fair Ice Policy for all teams in Western Region. We ensure that our coaches are educated on the subject so that all players are given the opportunity to develop and grow within their age group.

Team Activity Logs

TAL are due to be submitted by every team by April 15th. To make this process easier, I would ask that the Sport Development person from each association collect these from each team and then send me a file for their association.

Come Try Ringette

We are working closely with ORA to develop a better program and certify all our associations. We will have a new program ready this summer that will be implemented for Fall 2016.

Look for updates to the WRRRA website this summer as we add a new Sport Development section that will help all our members find this information and support the growth of our sport across the region.

If you have any ideas or suggestions for me, please do not hesitate to reach out,

Thank you

Tania Pettitt
