

## **Western Region AGM**

April 16, 2015

### Skills Matrix

First, a big thank you to the associations that have submitted both sets of the Skills Matrix evaluations for their U8, U9, U10 and U12 teams. There really aren't that many of you that have complied to-date. We have reminded the member associations many times throughout the season that there are to be evaluations done at the start of the year and another in the second half, so this should not be a surprise to anyone. Non-compliant teams/associations can be fined \$500.00 per team. Please get these reports to me no later than April 30th. All completed Skills Matrices can be sent to [sportwrra@wrra.ca](mailto:sportwrra@wrra.ca).

### U8, U9, and U10

The programs have been underway for a number of years with these divisions so the committee is now at the point of reviewing them and determining what tweaks may be necessary.

### U12

Associations are permitted a preliminary team formation during the spring, with absolutely no team events through the summer. Teams are to finalized during a final tryout in the fall.

### Respect in Sport/Code of Conduct

One issue that took some discussion time in our committee was respect in sport. There seems to be a lack of respect shown at times towards individuals in our sport. The ORA has worked hard to develop a Code of Conduct and we need to remember that all of us are responsible to follow it and to make sure that others are following it as well.

### Fair Ice Policy

This year we received the least number of complaints to date throughout the region with regards to the Fair Ice Policy. The committee will be reviewing the policy as well as sanctions at our upcoming meeting.

### Team Activity Logs

All teams are to submit a team activity log for divisions U19 and below. Please send these to me by April 30, 2015.

Thank you,

Erienne Beuglet
