

## **Sport Development Report – September 2019**

Hi everyone,

Welcome back to another great season of Ringette!! Sport Development was busy this summer making sure that we are able to help all of our associations grow and develop.

There have been some changes that you all need to be aware of

### **Skills Matrix Information**

The Skills Matrix is no longer mandatory. It is still encouraged as it helps with ranking of players and it shows if your program is working towards development.

### **Compliance**

The RO Compliance Document was also update this summer. This is the document that outlines how age groups can comply with LTAD. The changes can be seen on the RO website at <https://ringetteontario.com/resources/compliance/>

### **Team Activity Logs**

You will be happy to hear that Team Activity Logs no longer need to be completed by each team! We still want to see an emphasis on development as per the LTAD but we knew that most of the data we were receiving was not accurate, so we have decided that this no longer needs to be completed.

### **Come Try Ringette**

CTR is now organized and promoted by RO. You can reach out directly to them at [operations@ringetteontario.com](mailto:operations@ringetteontario.com)

Details about how they can support you and what they have to offer can be found at <https://ringetteontario.com/the-people/sport-development/come-try-ringette/>

The Region also has the CTR kits available to support your events (helmets, sticks and a banner stand). Please email me to book [taniajpettitt@gmail.com](mailto:taniajpettitt@gmail.com)

I am always available to help or answer questions during the season, so please do not hesitate to reach out,

Sincerely

Tania Pettitt

Sport Development
