

Adult Chair report for Western Region Meeting

Western:

- Still no rep for Western so Chair is covering as per the rules in the Adult Manual. Have approached several people to see if they would take on the role but so far all have declined. Two are interested in the future but current work commitments are in the way. Consideration would be given to have 2 people assume the role and divide the responsibilities between them.
- 49 adult teams – a few registration issues were noted :
 - 3 teams have registered as recreation/house league which is a skill level that does not exist at Adult – similar to the Pickering house these players need to be identified on a TRF of the appropriate skill level. This is to facilitate proper TRF adjustment approvals should any of these players ever get asked to spare in a tournament t. The teams to be adjusted are: 70410 - Chatham Thunder Open HL; 72004 - Exeter Seaforth Explosion 18+; 75004 – London House League
 - Tillsonburg 72706 – registered as BB but team name is “adult learn to play” – are they Development as the name implies or BB – needs to be clarified and fixed
- Reseeding : St. Thomas – 75501 - Railway City Ringers have been changed from B to CC but will be closely monitored throughout the season
- TT player affiliation agreements: 7 approved, 1 denied
 - This is a contentious subject. Adult Committee is re-visiting the policy with the objective of making the conditions and approvals requirements clearer to everyone.
- There needs to be cooperation amongst G&T, Adult and the region. If there are issues, disagreements they need to be raised and discussed amongst Adult, G&T and the Region and not involve the parties (players/teams) who are the subject of the disagreement
