

## Western Region November Report

Refresher clinics for referees and coaches have ended. If an official has not taken a clinic they are ineligible to referee this season. They will have to complete a level 1 clinic next year to be reinstated. This is a requirement of Ringette Canada.

All referees need to be registered with the ORA to be permitted to officiate. It is a fine of \$50 per game by the ORA for using unregistered officials.

We will be running a level 2/3 clinic for officials trying to move up in ranks in the new year. Information will be sent out to referee in chiefs as well as posted on the WRRRA and Ringette Canada websites.
