

WRRRA PROVINCIAL COMMITTEE REPORT

December 9th, 2021

Review:

- Season started for all levels by the first week of November
- Games seem to be going well - there have been some issues resulting in forfeited games and fines levied

Boys in Provincial Level Play:

- This continues to be an issue at the provincial level of play
- Reminder that if you are adding a male player to your roster after teams are formed AND you declared your team as FEMALE only, you must get permission from GLRL and all other teams in the division before the player can be added.

U12A

- There seems to be a big difference in skill level at this age group throughout GLRL, as a result the entire second half schedule will be redone with 3 tiers represented
- Associations are asked to provide an additional 5 ice times to the already allocated U12A ice
- Should we consider that each tier goes to a regional event so that teams are playing in meaningful competition?

Ice Scheduling:

- Things seem to be going more smoothly through the RO website, if you are having any issues, please let me know.

Provincial Events

AA – March 3-6th - Waterloo/Kitchener

A – March 17–20th – Ottawa Region

U12A – Will attend regional events.

Shelley Handley

WRRRA Provincial Committee Chair
