

- 1) Benches still struggling to “make it work” for some games.
- 2) I am asking **all associations to please have players, coaches, and spectators review their applicable code of conduct.** There have been multiple reports of inappropriate player conduct across the province.
- 3) No RO coaching committee meeting until after the season so I’m unsure what changes are in store for next season as far as bench staff requirements.
- 4) A lack of bench staff volunteers will continue to impact our sport, especially if the RO vaccination policy stays in place.

Adam
Coaching Director
