All Star Day
Skills Competition
January 22, 2017

While the Blue and White Jets were getting ready to play their game, the first ever Skills Competition was conducted.

Fastest Skater

The fans were treated to some very fast skating with two finalists winning the right to a head-to-head competition, namely White Jets #16, Sophie Vandale of the Shaftesbury Titans, and Blue Jets #13, Cienna Palmer of the Selkirk Royals. In the run off Sophie prevailed to win the first ever fastest skater crown.

Hardest Shot

Several players vied for the hardest shot with the finalists being Blue Vets #8, Randi Kuryk of the Miles Mac Buckeyes, who fired a 103 kilometer shot in the preliminary round and White Jets #9, Emilie Masse of the Shaftesbury Titans, who was just behind her at 102 K. In the finals Randi fired a 101 kilometer zinger, but Emilie topped everyone with a massive 105 kilometer shot to take the title.

Shootout Competition

The fans were then treated to a series of slick moves and scintillating saves in the Shootout Competition. Ultimately the finalists were Blue Jets #4, Gabi Dawyduk of the St. Mary's Flames, and Blue Jets #2, Naomie Berube of the CJS Olympiens. The goaltenders were whittled down until only Blue Jets #31, Grace Fedirchuk of the Miles Mac Buckeyes, was left standing. In the final round Grace stoned her teammates repeatedly for a convincing display of goaltending prowess.

For the skaters, Naomie Berube was crowned the shootout winner based on her overall record.
