### POLICIES AND PROCEDURES

August 2020

#### 1.0 INTRODUCTION

All players must register with the Association before they are eligible to participate in League play or other programs and events. A player may not participate in any Association practice or game until his/her registration has been accepted. A player must register in the League Program or on a Development Team before he/she is eligible to register in a Development Program. Registration is not valid until the appropriate fees have been paid in full. This statement is intended to describe Association policies and procedures with respect to registration.

Players are strongly encouraged to register in the League Program by August 15th so that player evaluation and team selection may proceed as scheduled.
